

Kixx FEx 5W-20

ULTRA PREMIUM PERFORMANCE GASOLINE ENGINE OIL

DESCRIPTION

Formulated from 100% Synthetic base oil and the latest technology additives, meeting the requirement of current advanced Top-tier engine oil grade of API SN and ILSAC GF-5, it is optimized to provide complete engine oil performance especially for fuel efficiency, reducing friction loss and durability.

TYPICAL APPLICATIONS

- All gasoline fueled vehicles
- High performance cars equipped with DOHC,EFI and VVT.
- Four-stroke gasoline engines in motorcycles .
- Sports Vehicles

PERFORMANCE STANDARDS

- API SN / ILSAC GF-5 / Resource Conserving

CUSTOMER BENEFITS

★ Fuel Efficiency

Specifically tailored low viscosity characteristics at high temperature and effective friction modifier minimize internal engine frictional losses, with which oil fuel consumption shall be reduced.

★ Engine power and maintainability

Reduced piston blow-by gas with the oil's cleanliness effect could maintain engine power and maintaining engine cleanliness with it's prevention of engine sludge forming will extend engine service life.

★ Oil drainage interval

Excellent oxidation resistance and low volatility will extend oil drainage interval.

KEY PROPERTIES

SAE Viscosity	Density @ 15°C	Kinematic Viscosity, mm ² /s		Viscosity Index	Pour Point (°C)	Flash Point (°C)
		@40°C	@100°C			
5W-20	0.852	49.0	8.3	143	-33	242

This bulletin was prepared in good faith from the best information available at the time of issue. While the values and characteristics are considered representative, some variation, not affecting performance, can be expected.

It is the responsibility of the user to ensure that the products are used in the applications for which they are intended. Produced by GS-Caltex Oil Corporation.
